

Netherhall School 2026-27

This is a school that fervently believes in the abilities of all our students. A school that is governed by values and one that works to the highest ideals. Our values are faithfully applied to the facts before us: all young people want to succeed, feel confident, capable, in control, proud of their achievements and well prepared for their challenges. All teachers want to make a difference, be respected by their students and colleagues, want their students to attain the best results, to progress in their careers and achieve professional fulfilment. Every parent and carer would

like their child to be happy, fulfilled, well-educated and successful at school. Our community fully understands and appreciates the benefits for everyone of having a superb school that actively plays its part, makes a full contribution and helps to build a cohesive, friendly, caring and supportive community. This is a relationship based on mutual respect, in which everyone benefits, built on an understanding that we rise and fall together.

Ambition

We have the highest aspirations for every student, and we want every student to be the best in all aspects of their schooling, whatever discipline they apply themselves to, whether they want to go to the top universities, secure an apprenticeship with a leading firm or begin their working career with the job of their choice.

Care

We know and fully appreciate that education is a unique and precious experience for every student, that every moment in school is an opportunity, that every interaction has unlimited potential for positive reinforcement and positive change.

We are a fully inclusive school that has excellent pastoral care. We work extremely hard to get to know every student, to understand each young person's character. You will see this in all aspects of the school, how they apply themselves to their learning, in the interactions between the students and school staff, in the expressions on the students' faces, in the way they conduct themselves and in the way they represent themselves, and their school.

Community

We are a learning community where each person understands their individual responsibility to the collective, that their actions matter to themselves and to everyone in our school community. That we are all inter-linked and that our futures, our happiness and our successes

are all inter-dependent. A community in which we all understand that we have far more in common that binds us together than what divides us.
